

27 March 2011 - 13 April 2011.

We have really enjoyed our time at the villa. Everything was wonderful from the pool + jacuzzi to the wonderful games room.

We have loved having very busy and early days at the parks + then being able to come back here and completely wind down + relax by the pool and have a dusk time swim.

The villa has ~~every~~ <sup>all the</sup> amenities that you could want and we loved not having to bring pool towels in our luggage!! It has felt like a real home from home and we would love to come back some time in the future.

Thanks very much.
