

15th June - 15th June.

We have had a great time at Rainbow's End, a home from home. It has been super hot with thunderstorms in late afternoon and evenings, some of these have lasted a good few hours.

Get to the parks early and go on the outdoor rides in the morning as these are closed if a thunderstorm is near.

The parks have a lot of drinking water fountains but the water is often warm so freeze a bottle of water overnight (it takes most of the day to melt totally) and top up from the fountains for more refreshing drink.

Use the shortcuts ~~to~~ recommended by the Thompson's.

Buy Poncho's from Walmart

Tried lots of restaurant's based on info on website and never had a bad meal.

My daughter, who turned 7 whilst here, loved the dressing up clothes.

Unforgettable and brilliant holiday, doing all of the parks, swimming with dolphins, breakfast with the Princess's and my son and I shooting guns at the "Florida Firearms Adventure".

I could go on and on but have to pack now, boo!
