

16 June - 30 JUNE

A fantastic Villa and no issues. We have stayed in a few Florida Villas in the past and I would return to this one. Gullius recommendations re eating out at Mannys at Flagler City were spot on would recommend this place for a great steak meal.

- The router in the Master room locks up but is easy to fix - just power it down.

- Thanks again, we will be back.

June 30 - July 7

This is our second stay at this villa and we enjoyed our stay as much as the first time.

It is such a nice place and has just about everything you could possibly need! Just as last time our kids favorite part of our trip was the pool. We look forward to our next visit!
