

July 10th - July 28th 2012

What a fabulous villa! This was a holiday of a lifetime for us and it certainly fitted the bill! We have had a fantastic 2½ weeks.

We have visited all the Disney parks including the water parks. We spent three days at Magic Kingdom in all - one of our favourites. A fantastic, magical evening was spent dining in Cinderella's castle and then watching the fantastic light show and fireworks afterwards. We had a great day at Busch Gardens and a fabulous day at Kennedy Space Centre. Epcot's evening fireworks were awesome! We really don't have a favourite as it's impossible to choose.

Our daughter has had a fantastic time everywhere. We have discovered she has no fear on any of the rides and nothing "phases" her (unlike Mummy and Daddy who get motion sickness on the Motion Simulators!) Certainly DON'T do the Simpson's ride unless you have a steel stomach! One of our other highlights was when Sophie got treated as a VIP in the Lion King show at Animal Kingdom - amazing! It's her favourite show of all time! The Lion King Show and Finding Nemo Musical were fantastic - a MUST for anyone who even remotely likes live shows. Absolutely brilliant!

We spent many a fun time in the pool at the villa too - thank you so much.

Hopefully we will be able to come back one day. Off home now to go to the Olympics!
