Thank you for a lovely home from home. The kids loved having their own TV and DVD player as well as the lovely pool.

The villa is beautifully presented with everything we needed. Having wifi was really useful for our planning.

All of the information and tips you provided were great, especially the shortcut driving directions to Disney.

We would recommend Sweet Tomatoes to anyone. It has freshly cooked soups, chills, breads etc with a huge salad bar - perfect for making sure our kids get their five-a-day after the samey theme park food.

We would certainly come again!
