

19 December 2013 - 9 January 2014.

How wonderful to be away for Christmas and walk through the front door of the villa and see a beautifully decorated Christmas tree and other decorations. A lovely welcome and we immediately felt at home.

The villa was spotless, beds are so comfortable and master bed is huge. Villa is equipped perfectly and had everything we needed. We loved the idea of locker in the garage and made a contribution too!

The villa is set in a great location with access to main roads only moments away.

This is one villa we would love to come back to and will definitely recommend it to friends.
